

# Introducing Our Cyber Security Team

We are excited to announce the launch of our brand-new Cyber Security Team, dedicated to safeguarding your business from modern cyber threats.

As cyber risks continue to evolve, we've assembled a team of experts to ensure that you have the best possible protection.

**Our team will be offering the following services:**

- **Vulnerability Scanning:** Identifying and addressing security weaknesses before they are exploited.
- **Awareness Training:** Empowering your team with knowledge to prevent attacks.
- **Simulated Phishing Attacks:** Testing and training your staff to recognise phishing attempts.
- **End-Point Security:** Providing advanced defence against Viruses, malware and more.
- **Security Monitoring:** Constantly keeping an eye on potential threats.

We're also committed to keeping you informed. In the coming weeks, we'll be sharing regular updates on these critical topics, along with the latest cybersecurity insights to help you stay ahead of emerging threats.

Stay tuned for more information, and don't hesitate to reach out if you have any immediate questions.
